Description

Raphael Parisse is a French painter working and living in Paris, France.
I first found his work whilst visiting Paris and thought the skilled way the painting is constructed and the vibrant color used makes his work very desirable.
This is a fantastic example of his style, with bold color and a well-painted composition.
His work has been exhibited in America, France, and The UK
This piece has been framed in a new black and gold English frame.
The painting was commissioned by David Brooker Fine Art from the artist direct.
